Dear Danny.

My daughter & myself were at your clinic in the Shamrock Lodge Hotel in Athlone in May this year. We both had psoriasis on our skin and my daughter was very embarrassed about it. She did not want to go swimming or even wear short sleeves in case anyone would comment about her skin. I am now

delighted to tell you that both of us are completely cleared of it and you don't know how much it means to explain to be the "same" as other children again.

I know there are people far worse than we were but to us it was a big thing.

I am now so thankful to you and my faith in you has really increased. Miracles do happen.

All my love Kathleen Kavanagh.
