

Miss E Hall

Dear Danny,

I'm just writing to pass on my thanks and gratitude for everything that you have done for me. You probably don't remember me by name, I was the girl who came to see you in the Lodge Hotel, Coleraine. I had a skin complaint on my face, which I had attended Coleraine hospital for almost a year for treatment, who only seemed to make the problem worse.

I never would have believed that my complaint would have disappeared

the way it did.

I now find that I recommend you to everyone that has a problem that the doctors can't help them with, because it is a great feeling to know that there is someone else who may be able to help, when it seems that all hope is lost.

There is nothing else that I can say that I'm sure you haven't heard before other than a big thank you

I am sending you cheque for £20 - a donation for your worthwhile cause.

Yours gratefully

E. Hall.
